Soleri SERIES

Awning windows

The Soleri Awning window combines the classic lines of timber and the benefits of aluminium to create a product that demonstrates exceptional performance in extreme weather conditions without compromising style and value.

Awning windows allow the effective expulsion of air and are perfect for kitchens and wet areas. Large glass areas provide unobstructed views and bathe your rooms in natural light.

features and benefits

- High quality Truth hardware designed and built to last
- Stainless steel fastenings to minimize the chance of corrosion in extreme coastal and industrial environments
- Multi-point locking as standard
- A window restrictor provides added protection in windy conditions
- Integrated screening available
- Window sizes of up to 2100mm high – both Casement and Awning
- Fully flyscreen the window

applications

- Residential construction
- Renovation
- Low-rise buildings

options

- Integral provision for safety / insect screening
- Colonial, federation or custom bars
- Variety of colours
- Glass options – Variety of options including double glazing (max 24mm thick) for increased thermal performance, strength and safety
